## CHAMBER ATTENDANCE AT ANC POLICY CONFERENCE

**Johannesburg, 4 July 2017:** In the interests of transparency, the Chamber of Mines wishes to disclose that it has paid to attend the ANC policy conference currently underway. The reasoning behind the decision was to ensure optimal access to key policy discussions and to ruling party leaders whose deliberations will have an impact on the mining industry.

The R100,000 package that the Chamber selected gives two representatives access to the business lounge, to the business briefings by key government leaders, the Thursday evening banquet and open plenary sessions. It also entitled the Chamber to set up a display stand, but that option wasn't taken up.
