### **MINERALS COUNCIL SOUTH AFRICA WELCOMES THE NEW TRANSNET BOARD**

**Johannesburg, 12 July 2023.** The Minerals Council South Africa welcomes the appointment of nine new members to the Transnet Board now chaired by Andile Sangqu.

The Minerals Council looks forward to establishing a working relationship with the new Board as Transnet, business and the government strive to stabilise rail and port performances and grow the capacity of these export channels to provide a cost-effective and efficient logistics platform for the mining industry and broader economy.

The Minerals Council is looking forward to collaborating with the new board to take forward and implementing urgent resolutions to the challenges that Transnet is experiencing.

The Minerals Council is actively participating in the National Logistics Crisis Committee set up by President Cyril Ramaphosa in conjunction with Business For South Africa to address concerns about Transnet and transport logistics.
