

IAN MACKAY

Associate Director, PwC South Africa

Ian Mackay is a PwC Associate Director based in Johannesburg, specialising in digital transformation, Data & AI strategy, and enterprise solutions within the mining and industrial sectors. He has extensive experience leading complex proposal development and delivery initiatives, particularly in areas such as data as a service, AI strategy and use cases in mining, procurement as a service and enterprise supplier development.

Ian comes from the mining industry - having begun as a learner gold miner in Welkom he has delivered projects in 40 countries around the world - helping miners to unlock value, efficiencies and the potential of information in their businesses. He helped to start PwC's Smart Mining team in 2018, and has been with PwC for ten years.
