

JULIE COURTNAGE

Executive Director, Mandela Mining Precinct

An environmental scientist by training, Julie Courtneage has over 35 years of experience in the mining sector, working at site and global corporate levels, international liaison and as an independent sustainability advisor, researcher and coach.

She was appointed as Executive Director to the Mandela Mining Precinct in 2023, a role in which she manages research, development and innovation facilitation through the public-private-partnership between the South African Department of Science, Technology and Innovation and the Minerals Council South Africa.
