

CHRIS LEGODI

Minerals Council South Africa

With over 25 years of experience in the mining industry, including 22 years in leadership and managerial roles, Chris Legodi is a highly accomplished mineral resources professional with expertise spanning gold, platinum group metals (PGMs) and coal. Chris has a proven track record in strategic leadership, mineral resources management, financial and economic analysis, operational optimisation, and sustainable mining practices.

For the past 14 years, Chris has served as a Principal Adoption Specialist in occupational health and safety within the South African mining industry, driving the implementation and adoption of leading practices aimed at improving safety performance and reducing risk. This work has focused on stakeholder engagement, innovation, change management, and advancing industry-wide health and safety initiatives.

Recent project highlights include leading the adoption of industry leading practices, facilitating collaborative initiatives to address critical safety risks, and supporting cross-industry programmes that strengthen health and safety performance across South African mining operations.
