

WORLD TB DAY

Commemoration for the South African Mining Industry

Theme: Invest in action to End TB (HIV and COVID-19) Now! Save lives.

Slogan: Get Screened | Get Tested | Adhere to treatment | Get vaccinated.

Collaborated efforts will get us there quicker:

Know your
TB status

Take your treatment on time daily
should you have TB

Eliminate
TB stigma

If you have signs of TB, visit your nearest clinic for screening and treatment if necessary

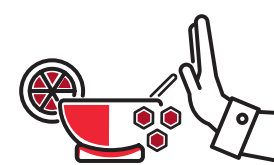

Signs of TB:

Drastic weight loss

Coughing for more than two weeks

Lack of appetite

Chills

Weakness or feeling very tired

Fever and night sweats

Act today. TB can be cured if detected early and treated correctly.
