My Courses

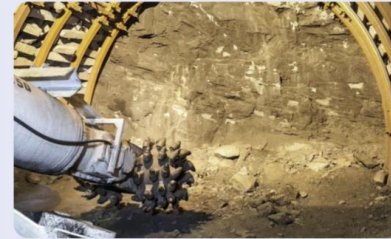

COURSE

1. Rock Engineering
Introduction

COURSE

Part 1: Rock Mechanics
Theory

COURSE

Part 2: Basic Rock
Mechanics Practice

COURSE

Part 3.1: Hard Rock Tabular
Mining

COURSE

Part 3.2: Soft Rock Tabular
Mining

COURSE

Part 3.3: Massive
Underground Mining (Har...

COURSE

Part 3.3: Massive
Underground Mining (Har...

COURSE

Part 3.4: Surface Mining
(Hard and Soft Rock)

Competence-based Learning Experiences...At Scale

Improve access to relevant knowledge and learning experiences for industry practitioners

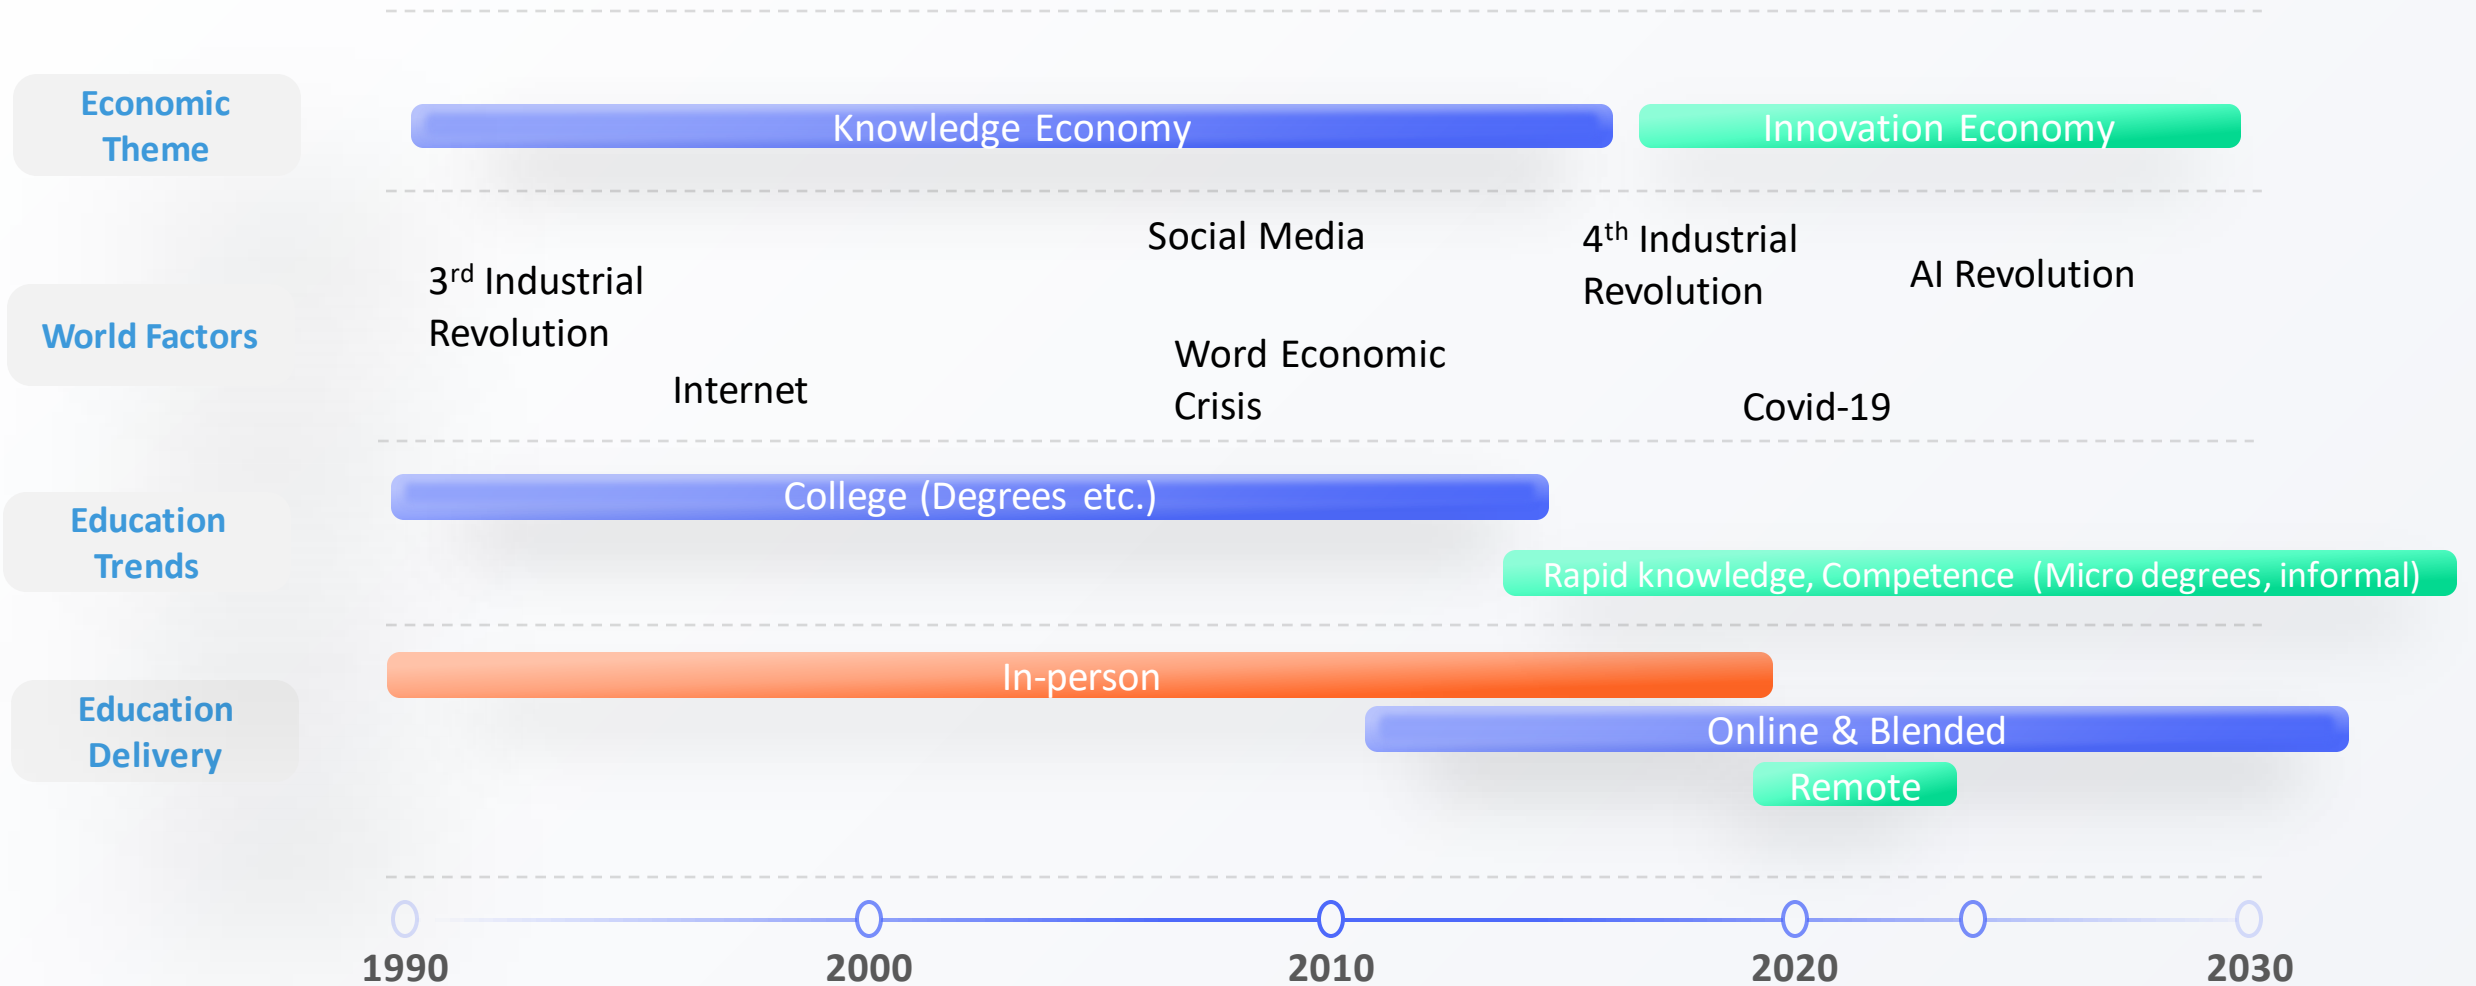

Improve the quality and level of engagement of learning experiences so that practitioners turn enthusiastic about learning

Produce competent Rock Engineering practitioners that can add additional value to all stakeholders in the mining industry

The Why

Education Over the Years...

The Benefits

Cumulative Value for All Stakeholders...
