

WE ACCEPT AND SHARE RESPONSIBILITY

We support South Africa's vaccine roll-out.

AS UNIONS AND COMPANIES,
we will ensure that employees are well-informed about vaccines and how they work.

AS MINING COMPANIES,
we will help vaccinate our healthcare workers, our vulnerable and all other employees, and our mining communities as soon as these are available.

AS EMPLOYEES AND AS CITIZENS
we have a responsibility to stop the spread of Covid-19, and protect ourselves and others.
